

Student Profile

All students are encouraged, supported, and challenged to achieve the highest levels of knowledge, skills, and character to become productive members of an ever-changing society.

To be academically prepared, each S & S CISD graduate will:

- Possess mastery of knowledge in mathematics, science, language, and social studies necessary for problem solving.
- Demonstrate logic, critical thinking skills, and creativity.
- Manage information by acquiring and evaluating data, organizing and maintaining records, and using technology to find and process information.
- Understand the nature of economics and consumer finance as it applies to everyday living.
- Understand and appreciate the benefits of democratic government and free enterprise.
- Understand world issues and current events, identify the rights and obligations of citizens, and participate in the democratic process.
- Read and summarize material in preparation for post high school education.

To be a responsible citizen, each S & S CISD graduate will:

- Demonstrate the ability to set goals, to use time wisely, and to strive for excellence.
- Participate in the literary, visual, and performing arts to enrich his/her daily life.
- Demonstrate ethical behavior—honesty, promise keeping, loyalty, concern for others, law-abidance/civic duty, respect for others, fairness, pursuit of excellence, and accountability.
- Contribute to community or to school service organizations.
- Make and evaluate decisions based on ethical principles and respect for the law.
- Develop responsibility for growth as a person.
- Demonstrate openness to a variety of aesthetic experiences and continue to develop one's imagination.
- Become flexible and open to other points of view.

To be an effective communicator, each S & S CISD graduate will:

- Write and speak correctly, effectively, and fluently—adapting to different audiences and purposes.
- Listen attentively and critically and respond to speakers appropriately.
- Read and learn for enjoyment, fulfillment, and breadth of knowledge.
- Demonstrate the proficiency and ability to stay current in the ethical and effective use of state-of-the art technology.

Each S & S CISD graduate will:

- Understand the value and importance of physical health.
- Demonstrate an understanding of positive personal health habits and self-worth.
- Demonstrate the ability to make wise career decisions based on self-knowledge, educational and occupational explorations, and career planning.

S & S CISD is committed to providing each student with the resources and instruction necessary while maximizing his/her individual interests and talents.
